

2023-24
Transfer Agreement
Bushnell University and Tillamook Bay Community College

This letter of agreement has been enacted to facilitate the transfer of students from Tillamook Bay Community College (TBCC) with a(n) Associate of Applied Science in Nursing to Bushnell University (Bushnell). Specific pathways have been mutually agreed upon with Bushnell's online RN to BSN program. The attached list reflects mutually agreed upon course articulations. Contingent upon the successful launch and approval of the TBCC nursing program by the Department of Education and the Oregon State Board of Nursing, the agreement is to be enacted for Bushnell's 2023-24 academic year and to remain in effect for one year. Annual reviews of the curriculum for both institutions may result in the renewal of the agreement or may necessitate mutually agreed upon updates to the transfer agreement.

As part of this letter of agreement, Bushnell University will provide TBCC students with assistance in the preparation and transfer of institutional credit, prior learning experience credit, military credit, and CLEP exam credit. In order to facilitate transfer between the two institutions, students are urged to meet with Bushnell admissions personnel well before transferring so as to ensure the most complete assessment of all relevant credits. Students wishing to participate in this transfer agreement must send an official transcript of all previous coursework and complete the Bushnell admissions process.

Bushnell University pledges to publish in its catalog the name of Tillamook Bay Community College and on its website the pathways that have been currently agreed upon by both institutions. Bushnell also pledges to continue working with TBCC to refine existing articulations, as well as explore additional articulation pathways.
